JUMP-STARTING INSTRUCTIONAL TRANSFORMATION

Jump start your school’s transformation by mapping and assessing your instructional system while forming a 90-day action plan to implement change and receive feedback.

The Jump Start has truly empowered me to focus on the most important work! So often in an underperforming school, the demands can be great. Transformation helped to simplify the “real work” that must be done for student success!

It has helped me get more teachers on board and to step up as leaders to assist and to share. This has allowed us to move forward in our improvement plan faster and a lot smoother.

My participation in the Jump-Start has provided me with the necessary tools to ensure my school stays focused on what matters most: quality instruction. As a first-year principal, this has been a powerful journey.

DEEP DIVE INTO INSTRUCTION

Dive deep into instruction and the Personal Competencies (Cognition, Metacognition, Motivation, Social Emotional) all students need for success and the “Big 4” instructional strategies that support these. Train your faculty and observe strategies in the classroom for ongoing feedback.

I have learned a great deal and have been able to return with my team and turn around what we have learned with our teachers. As the school principal, I see great improvement in planning and instruction which have impacted scholar achievement.

I can see the impact in my school from teachers creating more detailed objectives and using more mode shifts.

The training impacted the way teachers are motivated to implement new strategies to increase student learning.

WHAT TO EXPECT

The Transformation Academy guides principals and their A-Teams (teachers) in transforming their instructional system and shifting school culture.

At a glance

5 unique trainings focused on transforming instructional systems and shifting school culture:

- JUMP-STARTING INSTRUCTIONAL TRANSFORMATION
- DEEP DIVE INTO INSTRUCTION
- TRANSFORMING THE DISTRICT SUPPORT SYSTEM FOR INSTRUCTION
- BUILD LEARNING HABITS
- CULTURE SHIFT
TRANSFORMING THE DISTRICT SUPPORT SYSTEM FOR INSTRUCTION

Assess your system of support for your schools and share with principals for feedback. Plan next steps and review progress with your education specialist.

We are regrouping and “doing things different” because of the feedback we’ve received.

We will definitely make changes to the current practices and engage with the schools more.

It will help us to provide intentional, purposeful support to each other, our principals and to our schools.

BUILD LEARNING HABITS
POST DEEP DIVE INTO INSTRUCTION TRAINING ONLY

Dive deeper by learning 2 more instructional techniques for each of the Personal Competencies to build students’ learning habits. Train your faculty and observe strategies in the classroom.

I can help teachers plan better lessons using these strategies.

As a new administrator, this information will provide more insight of what to look for during observations.

It will help us as teachers to enhance our students’ learning abilities.

CULTURE SHIFT

NEW Spring 2023!

Examine the components that make up a school culture, what your current culture is, and what a positive culture focuses on. Your school completes a Culture Shift Survey informing a 90-day action plan.

We are regrouping and “doing things different” because of the feedback we’ve received.

We will definitely make changes to the current practices and engage with the schools more.

It will help us to provide intentional, purposeful support to each other, our principals and to our schools.
